Says It Violates

tempts to Regulate Peo-
ple's Morrows.

Washington, March 4.—The state of New Jersey through its attorney general, Thomas F. McCran, today filed in the United States supreme court a suit seeking to have the prohibition amendment declared unconstitutional and to prevent enforcement of the Volstead act. The suit is directed against Attorney General Palmer and Daniel C. Roper, commissioner of internal revenue.

The bill sets forth that the amendment was improperly drawn, that in 21 states and legislatures have not ratified it as provided by their state constitutions and that there is no power in congress to propose a constitutional amendment regulating the habits and morals of the people.

It recites further that the amendment is a legislative and not a constitutional matter and as such it is improperly passed. It is charged that the amendment centralizes authority without the consent of the people of New Jersey and that it is a violation of their sovereign rights. The Volstead act, having been enacted under authority of the amendment, the petition says is null and void. It is claimed that the Volstead act is illegal because it "deprives the taxable value of real and personal property within the state," it is destructive of the state's free and independent government, because it deprives the state of revenues from licenses, which in 1918 amounted to \$2,442,899 and because it interferes with the internal government of the people and operation to punish them by heavy fines, imprisonment and forfeitures thus preventing application for licenses for the sale of non-intoxicating beverages, which are authorized under the laws of the state.

Complaint is made that the act restores the practice of physicians of the act and not of the constitution, penal, correctional and charitable institutions, that the state has not concurred in the amendment and if the act is enforced it will nullify the right of the state to regulate its internal affairs. It claimed the act is not in force because the prohibition contained in the amendment which is expressly confined to intoxicating liquors.

In conclusion, the complaint declares that if the amendment is valid, the right of congress to legislate under it is restricted to matters relating to "the external concerns of the United States and within the peculiar domain of the federal government to regulate commerce among the states," and that the state alone has the power to enforce the act within its own borders.

STREET CAR AND AUTO
TRUCK IN COLLISION

An eastbound city car struck a delivery truck of the United States Tire company in North Fourth street opposite the Central fire station late yesterday afternoon and badly bent the fender of the truck, damaged a wheel and sprung an axle. A window in the vestibule of the street car was shattered, but no one was injured. The truck was backing out from its parking space in front of the company's office and in attempting to pass a big motor delivery truck was caught and squeezed.

FOREIGN EXCHANGE
HAS SHARP RALLY

New York, March 4.—A sharp rally in foreign exchange here sent the rates on demand bills for the English pound sterling to \$2.48 1/2 or 3 cents above yesterday's closing figure. This is the highest quotation on sterling since the slump of last month when demand bills fell to \$2.19. Rates on francs and lire rose in sympathy. France checks was quoted at the rate 14.18 for the dollar, up 10 centimes and lire checks at 18.22, up 15 centimes.

NEW EXTINGUISHER PUTS
OUT BIG BLAZE QUICKLY

The use of a chemical fire extinguisher, by which a powder thrown at the base of a blaze produces carbonic acid gas, destroying the oxygen and smothering the fire, was demonstrated last night on the northwest corner of the square before a large crowd of people. The powder is contained in a long metal tube and is easily applied, as was demonstrated by the salesman in charge of the exhibition. The fire was made of a pine box which was saturated with oil and in two seconds after the chemical was applied, the fire was out. The extinguisher is manufactured by the Interstate Chemical company, which also manufactures a type to be attached to automobiles.

FORMER PREMIER WOUNDED.
London, March 4.—Stephen Frederick, former Hungarian premier and present minister of war who was murdered yesterday morning while driving across a bridge in Budapest, was wounded today by a dispatch to the Exchange Telegraph company. First accounts stated he escaped injury. It is said the would-be assassin was wounded.

Premier Venizelos.

Premier Venizelos of Greece is playing an important part in the negotiations of the supreme council in London, in connection with the Turkish problem. It has already been officially announced that Smyrna, the chief port of Turkey in Asia Minor, will go to Greece. More than half the population of that city is Greek.

W. L. WHITECAMP
CALLED BY DEATH

Former Well Known Hardware Merchant Succumbs at His Home After Six Months' Illness.

William L. Whitecamp, aged 75 years, died Wednesday evening at 9:30 at his home, 492 West Main street, after an illness of six months.

He formerly owned and operated a hardware store in West Main street and disposed of his business to the Newark Hardware company, which later became the Wm. E. Miller Hardware company and continued with the firm as an employee. Previous to going into the hardware business he was connected with the Newark Bank, Wood & Sons.

Mr. Whitecamp was born in Boringhouse, Germany, December 12, 1844. He came to this country at the age of 21 and had made Newark his home for the past 18 years. Surviving are his wife, one daughter, Mrs. George Lessler; one grand daughter, two nieces and two nephews.

He was a member of the First M. E. church, the Knight Templar lodge and was a 32 degree Mason and a life member of the Magnolia lodge, F. & A. M., in Columbus.

Funeral services will be held Saturday afternoon at 2 o'clock in the home.

TOLEDO COUNCILMAN FREED.

Lancaster, March 4.—After deliberating for one hour and seven minutes, a jury returned a verdict of not guilty in the case of W. P. (Pie) Rogers, Toledo councilman, indicted on charges of robbing the Pleasantville bank, February 10, 1919. Toledo City Council Clerk A. W. Payne produced records to prove that Rogers was in attendance at a council meeting on the night the robbery was committed.

BLIZZARD GRIPS
WEST; STORM IS
BOUND EASTWARD

Colorado Reports Snow 12
to 20 Feet Deep In Min-
ing District.

RAILROAD AND TELEGRAPH
LINES BADLY CRIPPLED

Relief Parties on Snowshoes
Carry Food to Stalled
Train.

Chicago, March 4.—The worst storm of the winter today swept eastward from the mountain and plains states where yesterday it reached blizzard proportions. A number of towns in Colorado, Nebraska and South Dakota were reported isolated and rail and wire communication in Kansas, Oklahoma, Missouri, Iowa, Arkansas, North Texas and Minnesota was seriously crippled.

The disturbance will spread rapidly east and south today and tonight, according to weather bureau forecasts, carrying sharply reduced temperatures with snow and rain.

Most of the interference with railroad traffic reported early today was in the mountain states, and South Dakota and Minnesota, while telegraph and telephone lines suffered badly from sleet in the other sections hit by the storm. In the mountain damage to railroads from slides and boulders toppling over on the tracks could not be estimated, railroad men said.

In the La Plata mining district in Colorado, where snow was reported 12 to 20 feet deep, a repetition of the serious floods of nine years ago was feared. In most cities and towns in the snowbound district street car traffic either was paralyzed or seriously handicapped.

It would be several days before isolated towns in Colorado again would have railroad communication with the outside world, it was said. It became known that snow and mud slides in some sections had blocked railroads for nearly two weeks. Relief work has been cut off ten days and Silverton 12 days.

Relief parties on snow shoes were expected to carry provisions to passengers on a snowbound train in Cumbres Pass today.

Michigan, S. D., also was isolated. Heavy drifts in railroad cuts defied snow plows. St. Paul and Minneapolis reported heavy snow and street car traffic badly handicapped and similar reports came from Duluth and Superior.

AMERICANS BUYING

TREAT 200 IN
TRACHOMA CLINIC

Government Surgeon Aids
Health Authorities In Effort
to Stamp Out Eye
Affection.

Middletown, March 4.—Two hundred persons, mostly school children, submitted themselves to treatment at the trachoma clinic established here this week by the United States public health service and the state department of health for the eradication of the contagious eye disease commonly known as "granulated lids."

In the 200 cases which have been discovered here in schools and industries during a survey by the state health authorities, 54 operations were necessary. In all other cases a course of treatment was prescribed.

The clinic was in charge of Surgeon John McMullen of the United States health service, who is recognized throughout the country as an authority on trachoma. Dr. McMullen, assisted by physicians from the state department of health, performed the operations.

Physicians declared that fully 25 per cent of the cases operated on, if they had not been discovered in time, would eventually have caused serious damage to vision, possibly resulting in partial or total blindness.

ALLIES WILL PERMIT
NEW GERMAN LOAN

London, March 4.—The Evening Standard states today that the allied supreme council has decided to allow Germany to launch an international loan, because it is recognized that Germany is a dangerous spot in Europe. The loan the newspapers say, would take precedent over any indemnity payment Germany is called to make.

DRYS AGAIN GAIN 17
VOTES ON RECOUNT

Columbus, March 4.—Seventeen additional votes were gained by the drys today in the recount of votes on the national prohibition referendum last fall reducing the wet majority to 77. Ten precincts in various Toledo wards were recounted today. The original wet majority was 49. Making a net gain of 46 votes for the drys.

MOTHER DEAD, BABY SAVED.
Akron, March 4.—Mrs. Edward Gorman, 30, thought first of her baby in arms last night when a Barrington traction horse down upon her as she was crossing South Main street. She tossed the infant out of the path of the car, but failed to reach a place of safety herself and was ground to death beneath the wheels.

TURKISH CABINET
QUITS AS ALLIES
MENACE CAPITAL

Situation Has Been Growing
More Serious In
Past Few Weeks.

OVERTHROW OF GOVERNMENT
IS THREATENED BY LEADER

Treaty With Allies May
Precipitate Crisis In
Constantinople.

Constantinople, March 3.—In view of the gravity of the situation the cabinet resigned today. The Sultan has called upon Marshal Izzet Pasha to form a new cabinet.

Izzet Pasha is a partisan of Mustafa Kemal Pasha, the leader of the Turkish nationalists. His resignation as head of the new cabinet is regarded here as a distinct triumph for the nationalists over the Sultan and the more conservative leaders.

The Turkish situation has been growing in seriousness recently from several causes. The allied supreme council in London has about completed its draft of the proposed peace treaty for Turkey through which the Turks, although retaining nominal possession of Constantinople, are to be deprived of the centuries-long control of the Dardanelles and the Bosphorus and Loos territory containing apparently four-fifths of the nation's population.

To induce compliance by Turkey and with a view to welding an influence for the stoppage of the renewed massacres of Armenians, the allies have recently sent strong naval reinforcements which are anchored in the Bosphorus, so that their guns command the parliament buildings and the Sultan's palace.

Another disturbing factor and a most serious one is the Nationalist movement headed by Mustafa Kemal Pasha which threatens the overthrow of the government, if the allied territorial demands are complied with.

The cabinet which resigned was formed last October by Ali Riza Pasha as grand vizier. Izzet Pasha, the new premier, is a former commander-in-chief of the Turkish forces and was minister of war in the cabinet of the fall of 1918.

TURKEY LOSES ALL
TERRITORY IN EUROPE

London, March 4.—Turkey is stripped of virtually all her territory in Europe, the treaty now being completed by the conference of foreign ministers and ambassadors, it became known today.

PUPIL SHOTS TEACHER
BOYS FLEE IN PANIC

Cincinnati, March 4.—Angered because his teacher, Beatrice C. Connor, sent him to the principal of the Douglass school for punishment, Lawrence Angel, 14, today arose in his seat in his school room and shot the teacher through the left arm. The girl pupil had just left for the recess period and the boys who were yet in their seats fled in a panic when the shot was fired. The teacher staggered to the door and fell. Angel still had the revolver but made no further effort to use it. He was standing beside his seat, a pistol in hand when the police arrived. He had threatened to "get even" with the teacher and admitted he had taken the pistol from home to shoot her. The teacher and pupil are negroes.

SENATE ACCEPTS NEW
SHANTUNG RESERVATION

Washington, March 4.—Making its first change in the Republican reservations to the peace treaty which were adopted last November, the senate voted today on a motion of Senator Lodge of Massachusetts, the Republican leader, to strike from the Shantung reservation all direct reference to Japan and China. The change was accepted 69 to 27. Senator Reed, Democrat, Missouri, and Senator Sutherland, Republican, West Virginia, voting against it.

OLD INJURY MAKES
AMPUTATION NECESSARY

S. S. Finney residing in the Mt. Vernon road underwent an operation at the Private Hospital Wednesday for the amputation of the left leg below the knee. Mr. Finney had his leg broken at the ankle last fall in a runaway accident and complications have since developed which necessitated the operation. His condition today is very good.

CABINET. REPORT

Gen. Chin Yung-Peng.

Gen. Chin Yung-Peng, former acting premier and minister of war in China, may be named premier and asked to form a new cabinet, according to reports from Tokio. The same report states that Quen Wan Pang, present premier, has resigned. The general is a firm advocate of President Wilson's principles, especially regarding secret treaties.

SUPREME COUNCIL
TO STAND FIRM

Will Not Permit Any of
Hapsburgs to Assume
Control In Austria or
Hungary.

London, March 4.—Members of the supreme allied council are determined to adhere to that organization's refusal to allow a restoration of the Hapsburgs in either Austria or Hungary. It is stated in conference circles in answer to inquiries regarding Rumanian fears that the appointment of Admiral Horthy as Hungarian regent means the return of the former rulers of that country.

Recognition of the Soviet government in Russia, it is stated, is the same question which has been discussed in the course of the council's consideration of economic and financial problems but no definite conclusion has been reached. Other matters affecting relations with Russia have also been debated and it is recognized all the allies have an option of beginning trade with Soviet Russia if they wish.

While nothing has as yet been decided as to the size of the army Turkey would be allowed to maintain, the council is believed to oppose any plan to maintain a force larger than 25,000, and may insist that the Turkish army be considerably less than this figure. Some members of the council are said to favor refusing Turkey a standing army in any form except a gendarmerie officers appointed by the allies. Questions relative to Turkey will come before a special meeting of the League of Nations council today.

HOUSE REFUSES
TO REPEAL DRY
ENFORCEMENT ACT

Motion Is Voted Down By
Vote of 254 to 86

ALSO DEFEATS MOVE TO
STOP ENFORCEMENT FUND

New Jersey Democrat Seeks
To Annul Measure to
Fight Booze.

Washington, March 4.—The house today refused by an overwhelming majority to repeal the prohibition enforcement act.

The repeal measure was offered by Representative Eagan, Democrat, New Jersey, as an amendment to the legislative, executive and judicial appropriation measure and Speaker Gillette overruled a point of order against it. Mr. Eagan also proposed elimination from the bill of an appropriation of \$4,500,000 for enforcing the dry act. Both proposals were defeated on one roll call.

The vote on the Eagan motion was 254 to 86. The house then passed the executive bill without a record vote.

DRY ENFORCEMENT ACT
LIBERALLY INTERPRETED

Those chaps suffering from a chronic thirst, who have been watching the newspapers for a hint on what booze substitutes are being used, are sure out of luck, unless, come the prohibition commissioner and interpret a section of the law as prohibiting a newspaper from publishing any information showing how to evade the law. He says it means if any tipster discovers a satisfactory substitute, with a kick, and lands in police court, that the newspaper don't dare give the secret. The thirsty must continue to suffer from a parched throat.

The commissioner also holds that any city, township, county or state officers who decline to act on the ground that they have no authority to enforce the federal law, are simply dodging responsibility and he points to section 1014 which authorizes any officer to arrest offenders against the United States.

Courts can even force drunks who come before them, to reveal the oases in the desert if they are so inclined and the action of a Toledo jurist is cited to support this contention. He sent a half dozen men to jail until such time as they decided to cough up and tell where the lid was tilted.

FIGHT ORDINANCE TO
TAX FREE AIR SERVICE

Motorists who dislike to exert themselves with a pump when the left hind tire goes flat, will be asked to join the service station men in the city in an effort to stop the ordinance introduced in the city council authorizing the city to charge a fee of \$9 yearly for free air stations in the city.

Service station men object to paying this fee which is in the nature of a tax on a service from which they derive no revenue. They declare that passage of the ordinance means that the air service stations will be discontinued or a coin-in-the-slot device installed to charge for air.

LIGHT FRANCHISE BEFORE COUNCIL

Central Power Company Offers to Furnish Current for Street Lighting in Village.

(Special to the Advocate.)
Granville, March 4. Council met Tuesday evening with Mayor C. D. Coons in the chair. After routine business had been dispatched, Mr. Beadle of the Central Light Power company, presented a franchise application. The question of electric lighting for the village was discussed by members of the council and the terms of the franchise explained by Mr. Beadle. The franchise was granted on Thursday, March 14th when the franchise and the terms of the franchise will be made the order of business. Opinions expressed by the members favored the installing of electricity in Granville. If the terms can be made satisfactory, it will be the first time that electricity is to be installed in the village by Dr. J. W. Thomas, Harry Jones and William Thomas, who have rented the Wright garage house at the village grocery, to be used as a steam laundry. William Thomas, now connected with the Jones & Van Voorhis hardware store, will be the manager.

Frank S. Robinson, who was on the staff of the village, is threatened with pneumonia and her sister, Mrs. L. H. Cramack of Huntington, W. Va., is in attendance at her bedside.

C. B. Slack of the Granville Bank has been appointed notary public by Governor Cox.

Mrs. W. C. Sheppard of Grand Rapids, Mich., is visiting her sister, Miss Evelyn Robinson in Centerville street. Mr. and Mrs. Adewale announced the birth of their daughter, Mary Arannita, on the 24th day of February, 1930. Mrs. McKnight was formerly Miss Marie Lyon, daughter of A. N. Lyon of Charleston, N. C., and a member of the class of 1915 in Denison university. She was affiliated with Sigma Delta Phi sorority and is well known in Granville.

Guests of the Women's Music club on Wednesday afternoon included Mrs. H. Chrysler, Miss Reba Jure, Mrs. Sarah Meyers, Mrs. Guttery, Miss Mary Jones, Mrs. Anna Jones, Mrs. C. Stanton, Miss Ruth Rockwood, Miss Eva Robinson, Mrs. W. C. Sheppard of Grand Rapids, Mich., and Prof. Paul Bielefeld. In the piano-violin group, Mrs. Bielefeld accompanied her husband, Dr. Bielefeld, and Mrs. Mabel Ashton was accompanied for the group of songs given by Mrs. C. D. Coons, erroneously given in both instances as played by Mrs. White.

INCOME TAX MAN ON JOB IN EVENING

To accommodate shop men and others who are unable to get away from their work during the day, the income tax agent at the post office has arranged evening office hours. C. P. Scherwin, revenue agent who has been at the post office for more than a year, will be in the office evenings from 6:30 to 8:00 o'clock. The office is also open from 9:30 a.m. to 12 o'clock and from 1 to 5 p.m.

All income tax returns must be in by March 15 if the individual owing the tax is to escape the penalty fixed for delayed returns.

CITY GROUND INVOLVED IN SUIT ON TRIAL

The case of the City of Newark vs. J. W. Keller was set for hearing in common pleas court at 1:30 before Justice J. M. McMinnis. The suit is one in ejectment, brought to recover possession of a piece of ground formerly occupied by the old wooden mill in this city, now occupied by a warehouse. The suit makes the dedication of the tract to public use, the city claiming that the present use for warehouse purposes is adverse to the purpose for which it was dedicated. The property in question lies just east of the Union National bank's place on the bank of the North Fork of the Licking river.

DEPLORES TENDENCY TO RETURN TO PAGANISM

Rev. Father William M. Sullivan of Johnstown delivered the Lenten lecture at St. Francis de Sales church Wednesday evening to a large audience. Following the reading of the gospel he pictured Christ weeping over Jerusalem and compared the city in its beauty to the immortal soul of man. He grouped the temptations which beset man's soul under three general headings: "The world, the flesh and the devil."

Especially did he deplore the tendency of the times to return to the paganism that looked upon men as animals with few if any rights and to treat them as such. "Paganism," he said, "set no value upon human life and human rights, because it did not recognize the worth of the human and immortal soul and today men do not recognize human life or the rights of men because they reject the Divine creation and the supernatural redemption of man, and therefore fail to recognize the tremendous value of life and the inalienable rights of individuals and the marvelous worth of the individual soul."

Father Sullivan's discourse covered a number of essentially Christian subjects, not the least impressive was his denunciation of the sins of the flesh.

"The brutishness of pagan times has come back to us, and Christianity finds itself invaded by uncleanliness in every form. Literature, art, society, law, politics, and every sort of amusement are all tainted, or threatened with taint of wantonness. If there is such a thing as joy in hell, it is because of moral filthiness among God's image-man."

Father Sullivan then urged upon the young people the beauty and value of leading clean and up-right lives. "You might argue till the crack of dawn without moving a single unbeliever to leading a good religious life by your preaching. But the Christian example as manifested in your regard for the laws of God will accomplish much more."

"Waste not your strength in riotous living, avoid indulgence in the common vices, and make your individuality the power for spiritual and social good that God intended it should be," he said.

The Lenten services will continue in St. Francis church every Wednesday and Friday evening. Father Sullivan will preach again next Wednesday evening, March 10th, on "The Passing from Time to Eternity."

COPE LECTURE WILL BE GIVEN FRIDAY

The lecture by Herbert Leon Cope, which was announced for next Monday night, will be given tomorrow (Friday) night at the high school auditorium. Mr. Cope's lecture was to have been the closing number on the course but Noah Bieharz, whose date February 29 was cancelled because of illness will appear March 19 for his lecture, making an extra attraction for the patrons of the course, without additional cost.

22 SCOUTS ARE AWARDED HONORS

Newark and Granville Boys Win Promotions and Merit Badges in Scout Work.

The March meeting of the Court of Honor, Newark Council Boy Scouts of America, was held in the main court room of the Licking County Court House at 7:30 last evening. The Court opened with Superintendent O. J. Barnes, chairman, presiding and with him on the bench were J. J. Carroll, Dr. C. L. Wyeth and Rev. L. P. Frank, D.D.

The boys were called forward by Scout Executive K. L. Brown and made applications and were examined for the following qualifications: Rank of Second Class Scout: Harold Reed and Albert Kelley, Troop 1; Scout George McDonald, Troop 3; Scout James Carpenter, Reginald Weiser, Troop 4; Scouts Noel Carpenter, Stewart Chamberlain, Jocelyn Clark, Keith Hammond, Carlutzshewer, Eugene Jones, Donald Leslie, Theodore Leslie, Charles McGaw, Frank Stedem and Paul Swanson, Troop No. 1, Granville. The Court gave these boys an examination in the various requirements for second class including signaling, knot-tying, history of the flag, scout oath and law, first aid, etc., and awarded the second class badge.

Scout Elsworth Moon, Troop 1, Granville, who was transferred from Troop 5, Minneapolis, made application for rank of first class scout. The court examined Scout Moon thoroughly and awarded him the honor of wearing a first class badge. All the scouts and parents present were interested when Scout Moon demonstrated the Schaffer method of artificial respiration on Scout Harold Hughes, of Troop 6.

After these badges had been awarded the court awarded merit badges for which applications were made at the last meeting, as follows: Scout Ben Kibler, handicraft; Scout Harold Hughes, Troop 6, cycling; Daniel Wilson, Troop 6, handicraft and public health. Applications were made for merit badges as follows: Boy Scout, Troop 6, scholarship and path-finding; Scout Dale Schrier; Troop 6, handicraft; Harry Bowers, handicraft, wireless and signaling.

It was explained by Scout Executive Brown that he felt safe in stating that Scout Bowers was one of the first 100 boys in the United States to secure a merit badge in wireless.

The court awarded bars for work done during the Victory Liberty Loan campaign to Scouts Frederick Swingle, of Troop 3, and Robert Graesser and Dale Schrier, of Troop 6.

The meeting was closed by repeating the scout oath by all scouts and officials present. These meetings will be held as near as possible once each month and the parents and friends of the boys and the general public have been invited to be present.

CONGREGATION BIDS FAREWELL TO PASTOR

Members of the congregation of the First M. E. church will tender Dr. and Mrs. L. C. Sparks a farewell reception tonight in the church auditorium. As to Color Blindness.

It is a rather common belief that the man who fails to pass the test for color blindness during an examination for employment on a railroad, is one who mistakes red for green, or green for red. The trouble is that he cannot distinguish any difference between the two. Thus, while a red postage stamp lying on a green tablecloth would be perfectly obvious to a person with normal sight, owing to the contrast in color, it would be hardly visible to the color blind.

There are various degrees of color blindness, and while the majority of persons can recognize six or seven colors in a rainbow, others can see only five or less. Persons who can see but two distinct colors are dangerously color blind. A good test of your eyesight is to endeavor to match wools.

Man Wore First Silk Stockings.

The wearing of silk stockings is a practice which, while started by a man, was left to women to make popular. History records that the first pair of silk stockings were worn by Henry II, of France in 1547, but does not say that this became a practice among men. On the other hand, in citing the fact that Queen Elizabeth received a pair of silk stockings in the year 1650, history goes on to say that she never wore any other kind again.

"The Store of Newark—Where Quality and Service Count"

Miss Ella Schooley Manages National Finances of Y. W. C. A.

Financier, optimist and idealist, Miss Ella Schooley is the woman who was responsible for the success of the Y. W. C. A. war budget of \$2,000,000, who did her part in a big way, as an executive of the United War Work Bureau last year, and who had charge of the spending of these millions for war work among women. Her plan to sell the idea of world service to women as the mission of the Y. W. C. A. during these reconstruction days. In fact, that this work can be done, Miss Schooley is now directing an army of workers in an educational campaign to tell the people of the United States what the Y. W. C. A. has to offer to the women of the world and how, as an organization, it can stabilize conditions, approach a consistent program of world service to women. In necessary, she says, to raise \$300,000 for the 1920 World Service Program for the United States, Europe, China, Japan, South America, India, Russia, Mexico and the Near East is called for.

LET "DANDERINE" BEAUTIFY HAIR

Girls! Have a mass of long, thick, gleamy hair

Let "Danderine" save your hair and double its beauty. You can have lots of long, thick, strong, lustrous hair. Don't let it stay lifeless, thin, scraggy or falling. Bring back its color, vigor and vitality. Get a 25-cent bottle of delightful "Danderine" at any drug or toilet counter to freshen your scalp; check dandruff and falling hair. Your hair needs this stimulating tonic, then its hue, color, brightness and abundance will return—Hurry—Adv.

DELAYED SUBSCRIPTIONS BOOST WIDOW'S FUND

Though the solicitation of funds for the Newark widow and her three little children left in destitute circumstances recently, was discontinued last Monday voluntary contributions are still coming to the Advocate office. One woman sent \$10 yesterday afternoon, another \$5 this morning while several smaller amounts were received. Mrs. Matilda Ryan, 143 West Central Ave., Delaware, O., sends a letter to the Advocate today saying: "Please add the \$2 I enclosed to the fund for the widow and three children." Contributions since yesterday have come from Miss Irene Jones, Mrs. Ida Zartman, Mrs. Michael Sachs, Fred Sides, Jerome Ferguson, Mrs. Matilda Ryan making a grand total of \$428.03.

Rough Roads for Wheels Are Smooth Roads for Passengers

WATCH Overland 4 on rough cobbles or unpaved roads. The wheels follow surface inequalities, but the new Triplex Springs give car and passengers remarkable riding steadiness. They give 130-inch Spring-base to a car of 100-inch wheelbase. This makes for the gently buoyant road action of a large, heavy car with the economy in upkeep, fuel and tires, and convenience of handling of a scientifically designed light car. Auto-Lite starting and lighting, door-opening curtains and dash light give but a hint of the completeness and quality which characterize everything about Overland 4.

LIFT OFF CORNS!

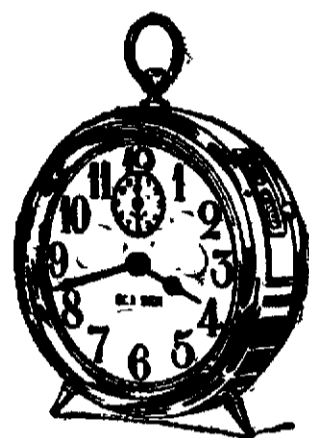

Doesn't hurt a bit and costs only
a few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers! Truly! No humbug! Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

CLEAN UP POISON SOAKED KIDNEYS ADVISES DR. CAREY

Thousands Die Every Year Because
They Allow Poisonous Deposits to
Accumulate in Kidneys.

Don't flush your kidneys with harsh
makeshifts says Dr. Carey, they are
too frail and delicately constructed to
treat them rough.

For 40 years I have been prescribing
Marshroot for kidney and bladder
sickness and now that I have retired from
active practice I have made arrange-
ments with leading druggists to dis-
pense this wonderful prescription at a
moderate price.

Beware of kidney disease—thousands
die of it every year who ought to be
enjoying the blessings of life and
health.

If you have specks floating before
the eyes, puffs under eyes, clammy
feet and moist palms, backache or side-
ache you ought to get a bottle of Dr.
Carey's Marshroot right away.

It has conquered thousands of cases
of kidney and bladder diseases and
the medicine you can always depend
upon.

IMPORTANT—Dr. Daniel G. Carey
has been a practicing physician for
many years and his great prescription
"Marshroot" has cured thousands of
sufferers from kidney and bladder trou-
bles. It is not a patent medicine and
is only sold through drug stores in or-
der to accommodate his patients.

NEWARK PLEASED BY QUICK RESULTS

Everyone is pleased with the quick
results of simple whitening, camphor,
hydrastis, etc. as mixed in Lavoptik
eye wash. One man's eyes were so
badly strained he could not read with
out pain. Two applications relieved
him. A lady with weak, inflamed eyes
was greatly helped by O.E. bottle. We
guarantee a small bottle of Lavoptik
to help ANT CASE weak, strained or
inflamed eyes. R. F. Collins.—Adv.

"It was a hard life, but a good life, and a life that built MEN"

THE 14 ARMS OF THE SERVICE

The Recruiting Sergeant can give
you the information that will help
you decide which branch fits you
best. In all of them you will get
the fine training as a soldier that
the United States offers all its men
—in many branches you can get
highly specialized training.

INFANTRY—The men who have made the name
of "doughboy" feared and respected throughout
the world welcome you to the comradeship. Fine
fellows—good fun and good training in any school
at the post you go to.

CAVALRY—When the horses are charging at
the bit and the "yellow legs" mount up and the
troop rides forth, there is a thrill that no old cav-
alryman can ever forget. A horse of your own—
a good outdoor life and training for future success.

FIELD ARTILLERY—"Action Front" comes
the command—then watch the boys with the red
bat cord snap into it. A happy outfit—with the
dash of mounted service added to interesting work
that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is
known the world over for its excellence and an en-
listment in the engineers can be the start of a
young man's training in the various branches of
engineering and in any of the mechanical and
building trades.

COAST ARTILLERY—Living on the sea coasts,
guarding big cities with big guns, getting time for
study and a wide and good technical training, the
C. A. C. man is preparing for a useful life and good
pay and is having a good time while he's learning.
The C. A. C. also mans the mobile big gun regiments
throughout the country.

AIR SERVICE (including BALLOON CORPS)—
The man who gets the early edge in experience
with aeroplanes and balloons has a chance to cash
in big on his army training. For flying is only in
its infancy and it's going to be a profitable business
for men with the right experience.

ORDNANCE DEPT.—The ordnance is appealing
to the studious young American. To wide oppor-
tunities for study, it adds a business as well as a
technical training.

SIGNAL CORPS—Whether it's laying a wire
from a post-office at a gallop or installing a wireless
station that will flash its message half around the
world, the Signal Corps is there, and a man who
learns radio telegraph and telephone work in the
Signal Corps is always valuable.

MEDICAL DEPT.—Good experience, good pay,
and training in all branches of hospital work. Ex-
cellent opportunity for future success. The Veter-
inary Corps teaches the care of horses as well as
meat and milk inspection.

TANK CORPS—The man who knows gas motors
and tractors or who wants to know them is in-
vited to join the Tanks. Radio, machine gun and
ordnance work are all parts of the Tank Corps
work.

QUARTERMASTER CORPS—The Corps that
feeds and clothes the Army offers a valuable train-
ing for future business. Interesting work for the
man who likes horses in the Remount Service.

CONSTRUCTION DIVISION—Practical work
in the many trades is part of the every day life of the
Construction Division. Many opportunities to
learn the trades of highly paid specialists.

CHEMICAL WARFARE SERVICE—For a man
with a little knowledge of chemistry or for any
ambitious young man who would like to get that
knowledge, there is interesting work and rapid
advancement in the C. W. S.

MOTOR TRANSPORT CORPS—A thorough
practical training in motors and their accessories,
and in driving as well, is given in the well-equipped
schools of the Motor Transport Corps.

WHEN I got out of the Army, I raised
my right hand over my derby and
said, "Never again, I hope!"

And I am here to state that I was just one of
about 3,000,000 who felt like that—only stronger.

It was my privilege to kick and believe me, I
did. I couldn't get out too quick—I wanted a
feather bed, restaurant food and trousers that
flapped around my ankles.

But now that I'm out, civil life is not all that
we cracked it up to be! And the Army looks
like a pretty good place, after all.

I've been and seen and done things that I
wouldn't give up my memories of, for anything.

I had a fine crowd of buddies—two-fisted
men with a regular man's outlook on life.

I learned how to take care of myself and all
corners—to hold my own with the best and
with the worst.

And I learned the sort of discipline that makes
a man able to handle men.

I got pretty fair clothes—not as
good as the Army gives in peace
time but warm and plenty of them
—and they didn't set me back
sixty a suit, either.

Where the U. S. Army Serves

American troops are serving in
Panama, Hawaii, the Philippines,
Alaska, China, Germany, Siberia
and here in the U. S. A. The Re-
cruiting Sergeant will gladly give
you all the details.

Like every one else in the Army
from General to Buck Private,
you're under orders and if your
outfit moves and you're needed
elsewhere, your duty is to go.

He comes out with a better
education—he has a real time with
a good crowd of regular he-men.

He's seen something and been
something and done something for
the little old U. S. A.

Cloth for Ward Wear.

A new textile fabric which, it is claimed, will tend to lower the present high cost of men's clothing is being placed on the market by a Putney (Yorkshire) manufacturer, writes Henry F. Grady from London. The London agents of the manufacturer state that the new cloth is made entirely of silk wool (or short fibers); and that, while superior in wearing properties to a pure worsted, it can be sold at the price of the best wool fabrics. It is said to be strong and almost untearable, very suitable for hard wear, and can be obtained in grays, browns and blacks.

Italy Turning to Water Power.
The generation of electrical energy by means of water power is a rapidly expanding industry in Venice. The difficulty in which Italy found itself as a result of war in obtaining sufficient supplies of coal has emphasized the necessity for a maximum utilization of hydraulic resources. Steps are now being taken to extend the use of electricity in agriculture, drainage, irrigation, traction and canal excavation.

AUDITORIUM

F. Ray Comstock and Morris Gest will offer at the Auditorium theater tomorrow evening, what is said to be the most wonderful play in America, it being "Experience" by George V. Hobart. Although seen here last season and being in its sixth season, it is playing to capacity business in nearly every theater visited. This is the city show, playing Cincinnati, Columbus, St. Louis, Chicago, etc., bigger and better than ever before, endorsed by the clergy of every big city in the United States from coast to coast. Two baggage cars are required to transport the effects of the company, which number 82 people. Seats are selling rapidly and no doubt a large crowd will see it at the Auditorium tomorrow night.

"Pollyanna"

When the United Artists Corporation was formed, the aim of the four stars—Mary Pickford, Charlie Chaplin, Douglas Fairbanks and D. W. Griffith—was to establish a medium through which to convey bigger and finer photo plays to the motion picture public. Under this plan three pictures have already been released—two by Douglas

at the Alhambra theater beginning today.

This dramatic tale concerns the murder of a wealthy young man as he sits in his box at the opera. Two people are accused—a man and a woman, as they each have daggers in their possession and are nearly when the deed is done. It develops in the trial that the woman, Miss Cara (Pauline Frederick) had been urged into a mock marriage with the dead man, so that she might have a motive for the crime. The man, Keith Lennox (Albert Roscoe), has been heard to utter a threat against the murdered man at his club, and as his name has been associated with Miss Cara's motive for a crime is also suspected. The strangest part of all is that both the man and woman make full confession of their own complicity.

The deep love of an old man for his violin and his daughter Casey aids in unravelling the strange web of this dramatic story.

Fairbanks and one by D. W. Griffith. Now comes Mary Pickford with "Pollyanna," her first "Big Four" offering, and the fourth film to be handled by the United Artists since the organization's birth, which will be shown at the Auditorium theater on Sunday.

Because this is her first production under the new arrangement of individual release every effort has been put forth by Miss Pickford to make "Pollyanna" bigger and better picture than anything she has ever done before.

Work was begun by the little star on September 15 and the production was not complete until the middle of December. Neither expense nor time was spared in the attempt to make "Pollyanna" 100 per cent perfect.

In order that a real New England village might be photographed, Director Powell took the entire company 200 miles from Los Angeles to Independence, a town a mile high in the Sierra Nevada mountains and the only typically New England hamlet in the West which had never before "posed" for a movie camera.

ALHAMBRA

A Remarkable Feature. When Lina Cavalieri famous dancer and proud possessor of some north king's ransom was seen in her new Paramount photograph, "A Woman of Impulse," at the Alhambra theater yesterday, the patrons of that popular playhouse voted it as one of the most remarkable pictures ever displayed in the city. No expense from the stand points of artistry and photography, was spared to make it the finest of its class and in these respects it is unequalled. It is seen today for the first time.

The Paliser Case. "The Paliser Case" by Edgar Allan Poe's latest picture, will be shown

Pauline Frederick in "The Paliser Case" is the Alhambra feature for Friday and Saturday. In the cast besides the star is seen, James Neil, Hazel Brennan, Kate Lester, Gladie Lee Ward, Albert Roscoe and others. A Prizma, also Current Events are seen.

The Fox News shown at the Alhambra Saturday has scenes and events connected with the late flight of Major Schroder, the Aviator, who is said to have broken all records for height in the air.

Manager Fenberg is arranging a strong feature program for his Alhambra patrons on Sunday next. Mention of same will be made in the ad column of this paper.

LYRIC

Cupid's Review still proves to be one of the best shows of the season. The new bill "On the Beach" went over big with the three audiences yesterday.

Dan Collins is proving to be a favorite in his particular line of comedy while George Riley has shown that he is a valuable support to Dan. The Comedy Trio responded to many encores. An amateur contest will be given Friday night.

SET DIGESTION RIGHT AND GET GOOD HEALTH

Why let your stomach make every meal a misery? You do not need to suffer pains and bloating after eating, or headaches, smothering sensations, sleeplessness, dizziness, offensive breath, clammy hands and feet or any of the other symptoms of poor digestion. Good health is possible for you by proper regulation of the stomach and bowels. Keep them working normally with Dr. Parker's Treatment for Indigestion and Constipation, a healthy stimulant for stomach, bowels and liver. It has

brought relief and health to thousands of sufferers and is guaranteed to do as much for you. Your \$1.25 returned if not satisfied. The Parker Medicine Co., Athens, Ohio. Sold by all druggists.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

BLACK AND WHITE SPORT OUTFIT OF SILK IS NOVELTY

Here is one of the most striking costumes for sport wear which has been shown this season. It is a youthful model developed in black and white. The corded silk skirt has a narrow belt from which are suspended two triangular shaped side panels, both of which are heavily embroidered in black. The blouse harmonizes with the skirt in that it is trimmed with a small black and white silk tie and black and white buttons.

Milady's Boudoir

Eye Toilet Treatments.

If your eyes have become very much inflamed from exposure, overstrain or congestion, you will find that warm tea leaves will instantly remedy the condition. Apply the leaves in the form of a bandage, placing them in a piece of antiseptic gauze which is rolled over neatly. Tie the bandage over the eyes and allow it to remain for some time. Bathing the eyes with cold tea is also very soothing.

The first essential to eye beauty is health. In ill health eye becomes dull and strained looking, showing deep hollows beneath them. Very often the eyelids become inflamed, and to correct these defects the health must be improved. If the eyes are simply tired, and burn from overexertion, they should be bathed nightly with a lotion. The most soothing eye lotion is a four percent solution of boric acid. Use an eye cup when bathing the eyes, opening and closing the eyelids in the water.

A solution of salt water will strengthen the eyes and make them more brilliant. Dissolve an even teaspoon of salt in a half pint of tepid water and bathe the eyes, using an eye cup or a piece of absorbent cotton. When the inflammation of the eyes is caused from weeping, apply hot water to the eyelids and draw out the redness. To do this properly the cloth should be wet when laid over the lids, changing it as soon as the heat subsides. Ten minutes of this will make the whole face red, and as the blood recedes the lids will bleach with the rest of the skin.

When bathing your face be careful not to rub your eyes too roughly with the towel. This is often the cause of the redness that is so unsightly. Take care of your eyes properly and they will be beautiful, which is the most prepossessing feature a woman can have.

Our Boys and Girls

Baby's first teeth should arrive in this order. One of the two lower middle teeth is usually the first to emerge. These are followed by the two corresponding upper ones, the first four being known as the central incisors. There should be a rest of about two months, sometimes longer, before the next four, on each side of the first ones, appear. These are called the lateral or side incisors, and the lower ones may be expected first.

When the child is about a year old, the first double teeth, or anterior molars, should come through. These are not next the lateral incisors, but one space between them, room being left for the cuspid teeth or eye and stomach teeth, as they are popularly called. These do not come before the seventh month to the twentieth month.

When the child is about two years old the posterior molars make their appearance at the back of the mouth, completing the set of first or milk teeth, twenty in number, with a depression in the middle. The lower molars have two roots, the upper molars three and the others one each.

Everyday Etiquette

"How may I, without appearing rude, refuse to dance when invited to do so by a gentleman at a ball?" asked Maud.

"I am sorry, but I have none to spare," "Think you, but I am going to rest through this number," are sufficient explanations to offer in refusal of an invitation to dance," helped her older sister.

Remove Ink Stains.

To remove ink stains from white cotton, wet the spot and rub with any good laundry soap, then soak in a solution of sulphur naphthol for one day. If ink has not all disappeared, rinse out and boil, and the ink will disappear as if by magic. Milderew can be removed in the same way.

FAIR AND FORTY

By LILLIAN M. RICHARDS.

(© 1920, by McClure Newspaper Syndicate.)

Down on a narrow street, where the newsboys are shouting "extra" most of the time, Myra Wiggins sits at the cashier's desk in one of those famous restaurants with a buckwheat front. For three years now she has sat in the same window. Her eyes and ears are always open and nothing escapes her notice.

"Say, mister," loudly called Myra one day to a customer trying to sneak out, "pay your check here, please."

"Huh," growled the man, coming back, "think you're smart, don't you?" And slamming the money down on the counter, "I suppose you thought I was trying to steal a feed."

"My goodness, no," replied Myra, smilingly. "Guess you were suddenly called to a fire; but after this, when in here, be sure and see me before you leave."

"Well, is that so," sneeringly. "I suppose you're the one who runs this place, or maybe you—"

Just then her antagonist felt a strong hand grab his collar and demand an apology. Without hesitating the irritant murmured something about being sorry, and slunk out of the door. Myra's well-rounded face became as red as roses when she looked up into the set features of big Jim Roland.

Jim was a traveling man, and every time he came to town it was not the cats alone that brought him to this well-known restaurant. Myra Wiggins' welcome smile and pleasant "How do" won him from the start. Now their friendship grew rapidly into something more deep and lasting.

They were both around the age of forty and had come to that quiet understanding of accepting things as they were; neither inquired into the other's affairs.

A buxom widow was Myra, with one child, whom she boarded, at a small farmhouse in the country. Little Irene Wiggins was the joy of her life, and Myra delighted in her trips to the region where she could breathe God's pure air, away from the smoke and dust of the city. One day, as she and Irene were starting for a stroll over the hills, a rosy-cheeked lad of ten begged to go with them.

"He lives here, too, mamma," pleaded the little girl. "He's my bestest chum. Can't he go?"

"Well, all right," replied Myra, good-naturedly, and taking his hand she inquired: "What's your name, little boy?"

"My name's Jack Roland," was his sturdy reply, as he stumbled along by her side.

"Roland?" gasped she, hearing the name. Then, curiously, "And what's your father's name? Jack, too?"

"No, my daddy's name is Jim," and with upturned face, "you've never met my daddy, have you? He's the biggest man in the world."

Myra's thoughts were racing a mile a minute, and her cheeks burned with curiosity. "He must mean my Jim," she thought, and still it didn't seem possible. The children ran ahead and were sliding on the ice, little dreaming of the turmoil they'd created for Myra.

After a few minutes' silent pondering she called them to her side and turned back toward the house. As they were chatting in their childish way she heard little Jack say to Irene:

"My Nanna's coming this afternoon with daddy. She brings me candy and everything."

Unable to restrain the question any longer Myra asked, "And who's your Nanna, little boy?" at the same time dreading the answer.

"Why, that's his mother, of course," quickly replied Irene, as if Myra ought to know.

"She works in the city," joined Jack wistfully.

It was with quiet dignity that she refused Jim's many invitations the next week, and his big, jovial face wore a puzzled expression, although he said nothing. Myra, who was usually the picture of health, looked drawn and pale. She'd grown fond of Jim Roland, and to discover him in this light hurt a little.

Tucking Irene on her sled, Myra started down the back lane through the meadows. The cold, clear air brought the color to her cheeks, as Irene pulled the end of her scarf and shouted, "Giddy-up-horsey."

It was a wonderful day and ended all too quickly. On their way back, as Myra went to jump a brook she fell with a scream in the snow. Irene tried to help her up, but finding her arms limp became frightened and cried for help. Little Jack Roland and his daddy, who were walking near by, came to their assistance.

"Is this little girl your sister?" he asked smilingly after the pain had subsided.

"No, Jim, she's my daughter," explained Myra quietly. "I've been a widow for several years now. And I—I thought until recently that you were single also."

"Why—so I am," he replied emphatically. "Little Jack's mother died when he was a baby."

"And—Nanna?" asked Myra tremblingly.

"Nanna," with a relieved look. "She's my sister, and has almost been a mother to Jack, who knows her by no other name."

Then, leaning closer and looking into her eyes, he continued: "Myra, dear, he would so like to have a real mother. The children already love each other. Could—could you ever care enough about a big clumsy like myself to—"

"Oh, Jim, I'm so happy."

NATIONAL WOMAN'S PARTY MAKES HER YOUNGEST OFFICER

Miss Anita Pollitzer.

Miss Anita Pollitzer of Charleston, S. C., who has just been made secretary of the legislative committee of the National Woman's party, is twenty-five years old. She has the distinction of being the youngest of the party's officers and is said to have a wider acquaintance with members of congress than any other young woman in the country.

Reliable Method of Hair Care

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthrox (which you can get at any druggist's) in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a softness which makes it seem much heavier than it is. After canthrox shampoo, arranging the hair is a pleasure.

BLISS NATIVE HERB TABLETS

When CONSTIPATED, take each night a BLISS NATIVE HERB TABLET made from herbs that act on the STOMACH, BOWELS, LIVER and KIDNEYS. The tablets are mineral free. They strengthen the bowels and remove from the body that undigested refuse food, the fermentation of which starts many diseases. M. J. Davis, Harris Ark. writes: "I was for a long time a great sufferer from constipation, but BLISS NATIVE HERB TABLETS cured me, and I have never since had the slightest trouble." Each box contains a GUARANTEE coupon, and is sealed with a blue seal bearing signature of ALONZO O. BLISS. For sale by all leading druggists in boxes containing 200 doses for \$1.00 and a small size for 50c. Made by A. O. BLISS CO., WASHINGTON, D. C.

Blackheads are a confession

Blackheads are caused by excessive oil collecting dirt in the pores of the skin. Their presence is a confession that you are using the wrong method of cleansing for your type of skin.

To cleanse thoroughly skins liable to this disfiguring trouble, use the following special treatment. Apply hot cloths to the face until the skin is reddened. Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly, always with an upward and outward motion. Rinse with clear hot water, then with cold—the colder the better. If possible, rub your face for thirty seconds with a piece of ice. Dry carefully.

To remove blackheads already formed, substitute a flesh brush for the washcloth in

the treatment above. Then protect the fingers with a handkerchief and press out the blackheads.

Keep your skin free of blackheads by the above treatment and gain the clear attractive skin that the regular use of Woodbury's brings.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

450 EGGS FROM 17 HENS

IN 30 DAYS -- IN ALASKA

Mrs. Annie Burch, Petersburg, Alaska, writes: "I have been using Pratt's Poultry Regulator and am getting 15 eggs daily from 17 hens. I am proud of my chickens, as our climate in South-eastern Alaska is so wet and cold, that no one here tried chicken raising before."

This would be a good record in New Jersey, Ohio or California—THINK OF IT IN GOLD, BLEAK, WET SOUTH-EASTERN ALASKA. Pratt's Poultry Regulator, mixed with a good egg-making ration, is guaranteed to make hens lay anywhere, any month, regardless of climate—or your money will be refunded. C. S. Osburn & Co.

with the hiccoughs for more than a
week, has recovered and was able to
be taken from the City Hospital to his
home in North Front street. He has
not had a return of the affliction for
three days.

Tells of Eastern Storm.
Mr. and Mrs. H. A. Ghiloni have re-
turned from a month's visit with rela-
tives in South Deerfield, Mass. Mr.
Ghiloni said this morning that the East
is completely covered with a heavy
snow and that he had not seen the
earth since leaving until he neared
Cleveland yesterday. He said one snow
storm in Massachusetts lasted for two
days and two nights and the death
around Deerfield was from three to five
feet.

Found Runaway Boy.

Police Chief James Sheridan has re-
ceived information to be on the lookout
for a runaway boy from Columbus,
named Julian Dyke, 14 year old son of
John Dyke of 268 East Livingston ave-
nue and believed to have started for

this city. He wore a pin striped pair
of trousers, a brown coat and a gray
cap and one of his front teeth was mis-
sing. Any information should be tele-
phoned to the patrol station, Auto
Phone 1243.

Recovers From Hospital.
Charles Dean is home from Columbus
where he was confined in Grant Hos-
pital for three weeks, having an opera-
tion performed on one of his eyes. He
is greatly improved and hopes to be out
in a few days.

Leaves for Montana.

Urges Baseball for Newark.

"Chick" Wolf of Cincinnati was a vis-
itor in the city yesterday and was
shown the sights by Police Chief Jas.
Sheridan. The visitor came to return
L. M. Johnson, a traveling salesman,
wanted on a grand larceny charge.
"Chick" Wolf is one of the best known
professional ball players in the state
and informed the chief that Newark
ought by all means to get into the game
with a professional team and believes
with proper management it could be
made a good paying investment.

Sparks Ignite Roof.

The squad wagon from Central fire
station and the West Newark fire com-
pany were called to 304 West Locust
street this morning at 11:45 o'clock
where sparks from a chimney set fire
to a shingle roof of the one-story and a
half dwelling. The blaze was quickly
extinguished by the use of chemicals
and the damage will not exceed \$100.
The house was occupied by a family
named Wilcox.

Dispelled The Blues Says Mrs. Blue, Since She Took Redex

Is Cheerful and Happy Now, After Recovering Her Health By Using Redex, the New Herbal Remedy.

A chain is only as strong as its weakest link. If your stomach is out of order ill health will be the result. The stomach, in normal condition, digests and assimilates food, producing solid flesh, rich blood, firm, strong muscles and nerves attuned to the major-key. These are the elements which produce abounding health and make the happy, successful man or woman. Deprived of its power the stomach becomes a deadly enemy to health. Dyspepsia, indigestion, bowel and liver troubles, kidney diseases, eruptions of the skin, sleeplessness, nervous disorders and other serious maladies are the result.

Redex is a splendid stomach remedy and helps the organs to perform their proper functions, thereby insuring health which every human being seeks to possess.

Among the numerous statements recently received, is one from Mrs. Blue, wife of Mr. Will Blue, in the employ of the Ansted & Burk Milling Co., Springfield, living at No. 8 West North street, who says:

"I had a very severe attack of influenza last winter, which left me in a weakened and run-down condition. For the last few months I have been subject to pains in my back, nervous

headaches, and occasional dizzy spells. I have had considerable trouble with my stomach, and I don't know what all else. I have felt rather blue at times over my condition, as it seemed impossible for me to get any relief. I started taking Redex a few weeks ago and it certainly has helped me a great deal. The pains in my back have ceased. I have no more headaches or dizzy spells. My stomach trouble is a thing of the past and I have a good appetite and enjoy my food without any ill effects afterwards. Redex has proved a wonderful medicine for me, and I certainly am glad to recommend it to my friends."

Redex, the new herbal remedy that fortifies a person against disease, can be taken to excellent advantage, as a tonic during all seasons of the year. It is especially beneficial in cases of stomach, liver and kidney trouble, rheumatism, nervousness, loss of appetite, insomnia, catarrhal and bronchial troubles, faulty circulation, pallid complexion, the after-effects of influenza and for persons in a run-down and weakened condition.

Redex is now being demonstrated at Erman's Arcade Drug Store, where the expert will meet all callers and cheerfully explain the merits of this New Remedy. Redex can be obtained in Granville at Ulman's Drug Store.

SEASONED SECURITIES

As contrasted with new ventures and all the hazards that unavoidably attend them, the offering list contains a wide choice of thoroughly seasoned investments in long established companies that have earned generous profits for years and that are today protected with ample working capital and high intrinsic values.

The preferred stock of the Sherwin-Williams Company is an example. The preferred stocks of the Morgan Lithograph Company, Haughton Elctro and Machine Company and the Dupuy Hosiery Company are others and a complete list will be gladly supplied to any applicant.

THE UNITED SECURITY COMPANY

RED CROSS PLANS PEACE TIME PROGRAM

Miss Sarah E. Coates, who comes direct from Lake Division headquarters of the American Red Cross in Cleveland visits Newark Saturday.

The American Red Cross is offering an extensive peace program which is destined to bring about community spirit and community betterment.

First aid work which will help to prevent fatal results from the numberless accidents occurring in the community; instruction in home hygiene and care of the sick with a view of preventing illness as well as to provide student workers in case of illness or epidemics, are included in the program which Red Cross Chapter officials offer county inhabitants.

The program of the Red Cross Junior Membership Department which is being adopted generally in the schools of the county is planned to give American children a broad idea of international assistance and a feeling of responsibility for the welfare of those children in their own community less fortunate than they are.

Work for the soldiers and sailors who have returned to the community and who need assistance of any kind is being continued for at least six months, through the Red Cross Home Service Department.

Miss Coates will bring to the chapter detailed plans for instruction in the county so that fullest benefit may accrue to the people through the American Red Cross.

LEGION FINDS COUNTY HAD 2596 MEN IN WAR

According to statistics secured by the American Legion, Licking county had 2,596 men and women in the service during the Great War. These statistics were obtained by the department of Ohio in its drive for 100,000 men, by April sixth, the anniversary of the beginning of the war.

Post 85, The American Legion has so far doubled its membership in the recent drive. The local post now totals approximately 350 members, all of whom are attempting to see five former service men each week. A meeting will be held this evening of all the members and further details of the campaign are to be explained.

Newark Post stands a fair chance of winning one of the state prizes in the drive. However local officials are urging the members to keep up the good work. All former service men who have been solicited for membership are urged to send in their name to John Sachs, treasurer, who can be found at the Park National bank, or to Harold Wilson, adjutant at the County Auditor's office.

JOHNSTOWN MAN ENLISTS IN ARTILLERY

Dwight L. Stemen of Johnstown was sent to Columbus yesterday by Sergt. John M. Barlow of the local army recruiting station at the postoffice. Stemen enlisted for one year in the Seventh field artillery, which is one of the Ohio regiments stationed at Camp Taylor, Kentucky.

Colonel John P. Wade, commandant of the Columbus recruiting district, visited the local station yesterday and expressed his gratitude for the great interest that the people, especially the school children of Newark, have taken in the army essay contest. He extended his heartiest greetings to not only the winners but to every pupil that entered the contest.

WILLIAMS REVIVAL DRAWS FROM OTHER CITIES

All the churches and pastors of the city seem to be interested in the revival being held in the United Brethren church in East Main street and the meeting is attracting many people from other cities. Prof. G. O. Good and wife of Columbus, Rev. H. O. Davis of Enterprise, Rev. White of Asheville and many others were in the service last night and took part helping to make the work go. A delegation from the North Side Presbyterian was in attendance and listened the service with their singing. Prof. Good conducted the music a year ago during the revival and it was a great pleasure to hear him sing again.

The morning prayer meeting and the afternoon meetings have been very helpful. Friday morning will be the last of the prayer meetings. Last night Evangelist Williams selected, "The Part Saul Played in the Drama of Life," for his subject, using Mark 8:36 as his text, "What would it profit a man if he should gain the whole world and lose his soul?" It was one of the evangelist's characteristic messages, straight from the shoulder. He closed with a wonderful appeal. Sinners are seeking God at every service and believers being Spirit filled. Tonight Dr. Williams will speak on "High Ways and By Ways."

BOWLING

No new names are among the leaders of the handicap tournament at the Pastime, but several changes are expected this week as the maples are beginning to fall better. The ten high teams are as follows:

Schenck Block	1259
Schenck-Kates	1249
Gillette-W. Fessler	1242
Dontz-W. Fessler	1237
Gillette-Graesser	1234
Schenck-W. Fessler	1227
Habman-W. Fessler	1199
Schenck Smith	1191
O'Connell-Hawkins	1188
Mallonee-Hawkins	1186

Bowling fans are promised two good games this week. Tonight the players of Columbus roll the Elks of Newark and Saturday night, Clarence Jones will bring his crack ten pin team from Alliance to roll the local Pastime team.

Takes No Chance on Bad Luck.
Many peoples believe that ill luck will be the portion of a child who cuts its upper teeth first, and there are one or two African tribes who so firmly believe this that in order to spare the child a life of misery, they promptly kill any child whose upper teeth appear first. Another tribe sees bad fortune for every one in twins, and avoids it by slaying them all.
